

Human Capital Solutions

Speak to us about a customised solution to provide your business with the right employees at the right time.

As a world-class Level 2 BBBEE contributor and preferred service provider to multi-nationals across South Africa, we take care of human resources and labour-related complexities to so that your management team can focus on core business activities.

We base our success on long-term strategic partnerships with our clients and an understanding of the key drivers of the business as a whole. A detailed service level agreement forms the basis of our commitment and we remain responsive to changing business needs.

Reducing costs while improving productivity by providing:

- The flexibility to restructure your workforce according to business needs, without the complication of labour law complexities.
- Improved service levels due to our expert staff selection and intensive performance management.
- Aligning remuneration models with the key drivers of the business. Outcomes-based staff management focuses accountability at ground level.
- On site supervision if required (operational management remains under client control).
- A world-class human resources administration and payroll function.

Managing labour-related risks proactively by providing:

- Labour law and industrial relations consulting in a reliable strategic partnership.

- State of the art employment contracts and the option of insurance cover against labour law risks.
- Monthly statutory compliance reports regarding VAT, PAYE, WCA and UIF.
- Expert labour relations management including discipline and performance management.

Adding value as field experts:

- We are a registered temporary employment service with access to a comprehensive database of multi-disciplinary specialised resources.
- The quality of our staff is underpinned by a commitment to develop our employees' productivity and skills.

We differentiate our service offering by providing our people with in-house learnerships and skills development opportunities to further their careers.
